

# iPad

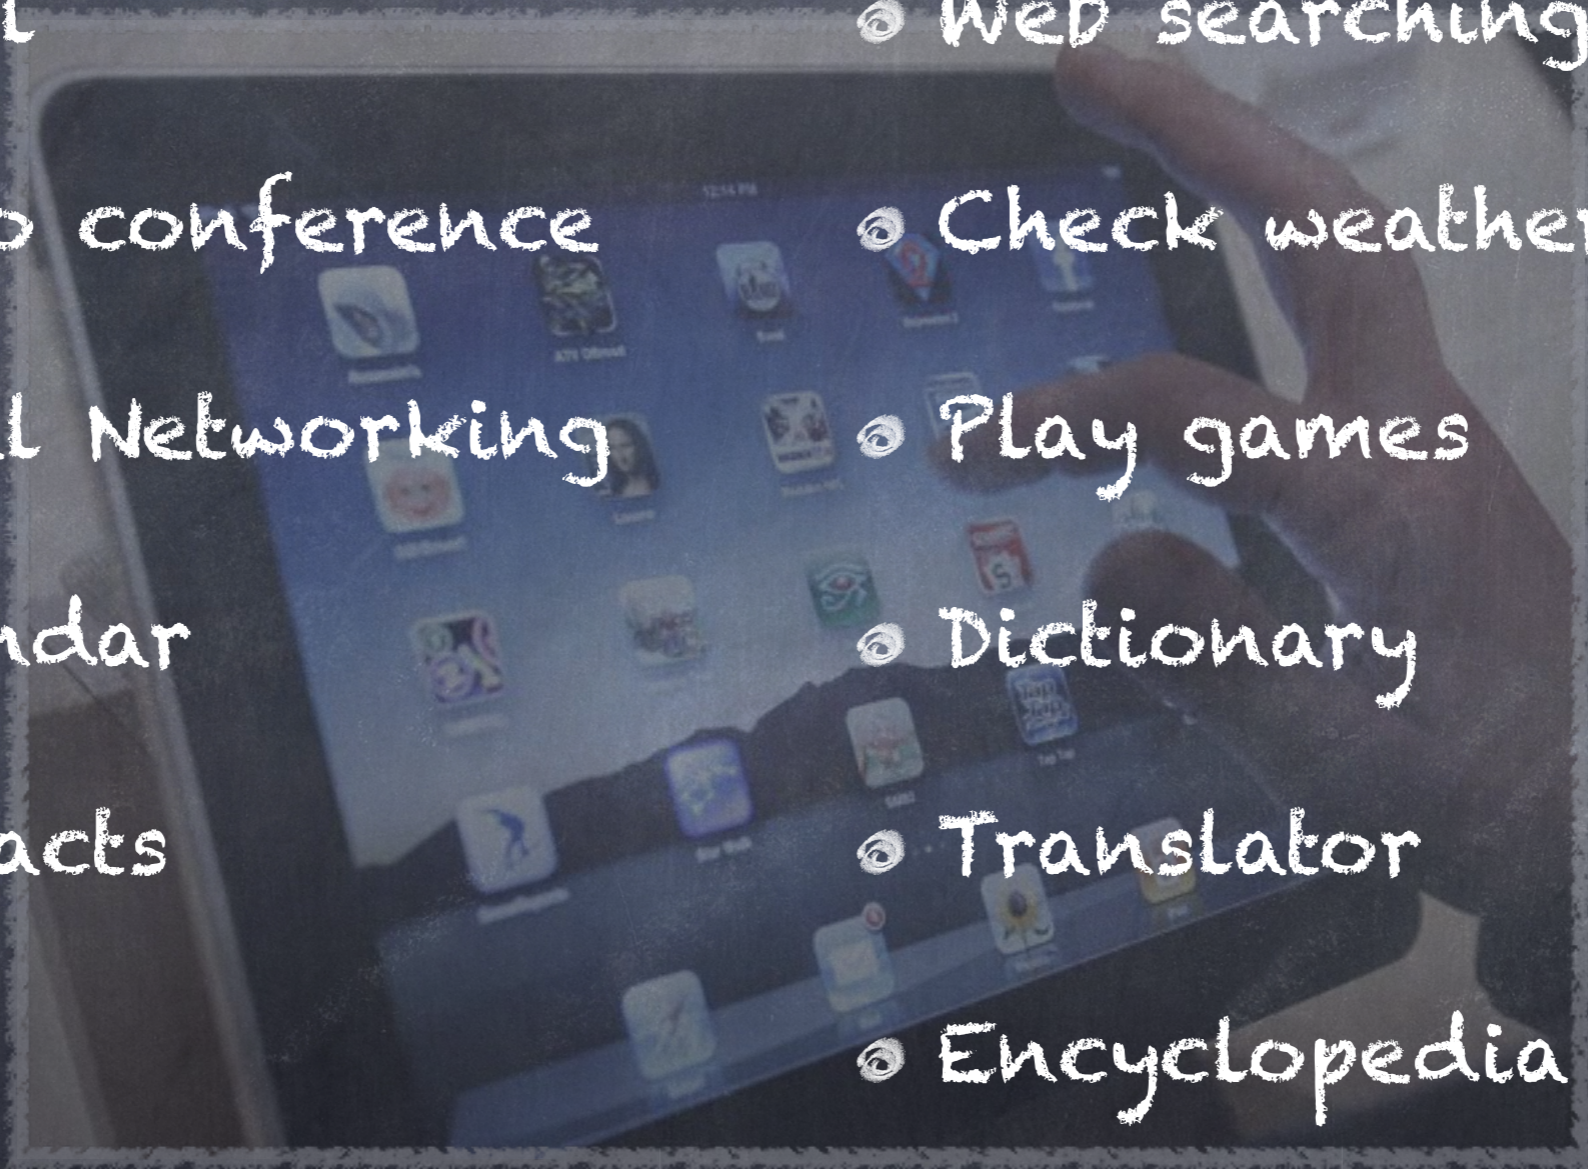

## What, why, how?

GJ Computer Users Group  
October 2012

# A single device that can

- ◉ Email
- ◉ Video conference
- ◉ Social Networking
- ◉ Calendar
- ◉ Contacts
- ◉ GPS
- ◉ Web searching by voice
- ◉ Check weather
- ◉ Play games
- ◉ Dictionary
- ◉ Translator
- ◉ Encyclopedia

# A single device that can

- ◉ Travel information
- ◉ Password keeper
- ◉ Note taker
- ◉ Take pictures
- ◉ View pictures
- ◉ Edit pictures
- ◉ Watch movies
- ◉ Film movies
- ◉ Edit movies
- ◉ Listen to music
- ◉ Create music

# A single device that can

- ◉ Read news
- ◉ Watch news
- ◉ Read books
- ◉ Rent movies
- ◉ Track stocks
- ◉ Trade stocks
- ◉ Learn a language
- ◉ Learn an instrument
- ◉ View atlas/globe

# Why consider an iPad?

- Portability (1.5 pounds)
- 10 hour battery life
- Ubiquity (3G models especially)
- Speed (instant on/off)
- Customizability
- Safety

# iPad Choices

Capacity	16gb	32gb	64gb
Connectivity	WiFi or WiFi + 3G	WiFi or WiFi + 3G	WiFi or WiFi + 3G
Color	Black or White	Black or White	Black or White
Cost	\$499 or \$629	\$599 or \$729	\$699 or \$829

# WiFi vs. 3G

- WiFi = connectivity only with wireless Internet connection
- 3G (extra cost) = connectivity anywhere cell provider's signal is
- 3G gives you the option of connectivity all the time and can be turned off

# My Top iPad Tips

- Learn how to use App Store (sorting, ratings, screen shots, etc)
- Install Google search
- Use Gmail
- Zagg screen protector
- Learn to switch & close apps
- Don't turn it off

# My Top iPad Tips

- ◉ Learn how to customize screen
- ◉ Learn how to use keyboard shortcuts
- ◉ Learn how to copy & paste
- ◉ Use and experiment with your apps, typing and even settings!
